### **1. CSP Budgeting Mission Statement:**

*“Extracurricular activities are a fundamental part of the student experience. We fund our student Clubs, Societies and Projects with the aim of providing and enhancing the opportunity for all of our students to engage in activities of interest to them. Participation is our primary goal and, as such, funding should be used to significantly enhance the experience of the largest number of students possible. Alongside this goal we seek always to; support the mental and physical well-being of our membership, build and develop our student community, assist our members in achieving their potential and provide a platform for students to express themselves. We hope that this will allow all students to both enjoy and get the most out of their time here.”*
