A report by the Elections Committee

Election Complaints

During the elections period, 11 complaints were received and processed by the Elections Committee.

Of these received, 6 of the complaints were upheld, 1 was mediated, 2 were investigated however the claims were unable to be substantiated and the remainder of the complaints were dismissed. Of the 6 upheld, 2 have been referred to the President due to the nature of the complaints.

Results

On Friday 2nd March the Elections Committee felt that it was appropriate for the results for all positions, but the President's to be released since all complaints have been resolved and candidates have all signed their Statement of Intent. The reason that the Presidential results were not released at the same time was because there were outstanding complaints to be resolved. Since then the complaint has been resolved and the results were released on Thursday 8th March.
