

e-Learning Review Funding
A paper by the Deputy President (Education and Welfare)

Introduction

The College e-Learning Review Committee are currently finalising their second and third reports on e-Learning initiatives across the College.

As part of the second report the Deputy President (education and Welfare) was requested to gather opinions from Departments on the provision of e-Learning in their Departments and what developments they would like to see in the future.

An excellent turn-out from all Faculties was maintained and some very interesting comments were passed onto the Committee to be included in the report. Departmental and Year Representatives met with the Deputy President (Education and Welfare) in small groups to fill in a lengthy questionnaire which was then typed up and submitted on behalf of each individual department.

Decision required:

To authorise £57.36 from RWB's budget to cover refreshments provided for Departmental and Year Representatives who gave up time to fill in the questionnaires for the e-Learning Review.
