

Tour Reports

A paper by the DPCS

Background

For each tour period tour reports must be submitted to the DPCS for reporting to CSB. This report gives the financial breakdown of the tours from the summer tour period and a full copy of the tour reports can be found at [link].

The DPCS shall not present them in individual papers to try and minimise the environmental impact of the reports but each Management Group Chair should familiarise themselves with the content of their clubs' tour reports. Money from Union grant pertaining to the two tours which have not gone ahead has been reabsorbed.

Matters for decision

Is this new format of reporting appropriate for CSB or should more detail be reported?
