Council Report
Union President – Paul Beaumont

In the relatively short time (13 days!) since the last Union Council a lot has gone on...

Interviews

I have had two further mornings of interviews for the 'Outreach Co-ordinator' and 'Student Development Manager' and am pleased to report that we have appointed two people to these positions.

Islamic Society Charity Week Dinner

The Islamic Society were kind enough to invite myself and Henry to attend their closing event of 'Charity Week 2012', held at Hammersmith Town Hall. The society annually raises around £30k during Charity Week, and I wish them the best of success for this year when the results are announced.

NSS Response

We have now completed the Union's NSS Response 2012 (written by myself and Doug). This is being branded and treble-checked for accuracy before being submitted to the Council for approval.

Reps A to Z and Policies

On Monday 5 November I coded the 'Rep finder' for the Union website, which was then branded by the Central Services Manager, and on Friday 9 November I finished the 'Policies finder', which is being launched after branding Monday/Today.

Constitution & Trustee Board

I am very happy to report that the new Constitution has been approved by the Trustee Board with one minor change that confirms that complaints dealing with the President do not initially go to the President, but the Chair of the Trustee Board. The College Management Board has also approved the Constitution to be submitted to the College Council, which will be held on 23 November. An implementation plan is being drawn up by myself and the Managing Director as to how the transition between old and new constitutions will work.

Wilson House

Along with Henry and the Membership Service Manager, I spent all day Saturday 10 November moving clubs and societies equipment from the garages at Wilson House to Imperial West.

Impact Report

Keen to communicate the work of the Union (particularly the decisions of the Council) to senior College staff and interested students, I have put together a 4 page Impact Report for the first quarter of this year (August – October) to be circulated this week. The Report compliments Manifesto updates and reviews undertaken by the sabbs on a weekly basis – Becky and I have recently blogged about ours.
