

SHAG Week

A paper by Marissa Lewis, Deputy President (Welfare)

Background

Sexual Health Advice and Guidance (SHAG) week is a programme of events which aim to educate students about various aspects of sexual health, provide services such as free condoms and also open up discussions around sex and sexuality.

This year, SHAG week is planned for 11-17 November.

So far, these are the events that are being considered or have been planned for the week:

- A pop-up stall in Sherfield with condom packs, advice, etc.
- A film screening, possibly of 'Philadelphia'
- STI clinic – scheduled for the Thursday
- 'Pee in a pot' testing for CSP Night
- SHAG twist on the usual Tuesday night pub quiz
- Life drawing class
- Rainbow rave/safe sex ball
- Lecture/talk on a SH theme
- SHAG fair

Discussion

- Are there any other events you would like to see in SHAG week?
- Best ways to involve students in SHAG
- Any ideas about how to promote the week?
