

## Application for Spring tour – Synchronised Swimming

We have already 11 swimmers that confirm the presence on the tour:

Students: Luisa, Delphine, Zaineb, Emily, Sarah

Associate members: Kirsty, Anne Lise, Jenny, Rodrigo, Carla

Coaches: Ambre ,Eugenie.

Why this tour is so important to us:

- it is longer than two nights, which is good for the club to know better each other and socialize.
- all our members are allowed to go, whatever their level and even if they do not want to compete
- The location changes every year so we cannot budget it
- it is necessary to our aims as synchro swimmers cannot understand fully the sport if they do not take part in a competition/witness a competition. We could not do it in London as no other university does synchro in the uk and local competition is a very different level to ours since we have complete beginners.
