Motion of no confidence: Pok Kwan

[pok.kwan18@imperial.ac.uk]

Proposer: Alex Auyang (Council Chair)

Union notes:

- 1. Pok (Adrian) Kwan was elected to hold the position of "Technology: Front-End" in the Algorithmic Trading Society.
- 2. Pok has not responded to contact attempts from the Algorithmic Trading Society or Council Chair.
- 3. Pok Kwan has not been involved in the activities of the Algorithmic Trading Society.

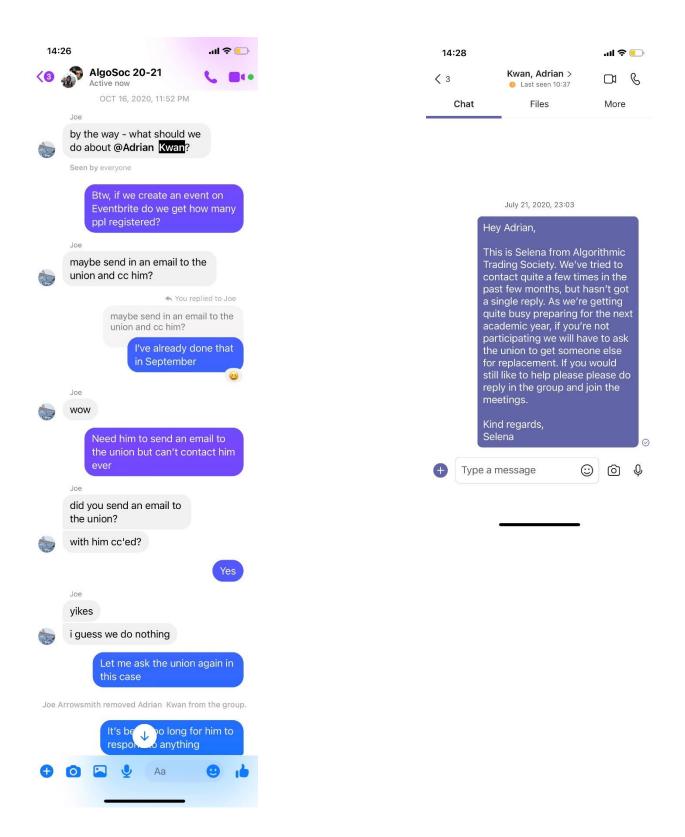

Union believes:

- 1. It is important that CSP volunteers fulfill the roles they have been elected for.
- 2. Pok Kwan has been unresponsive over several months, and therefore is unfit to fulfill the duties of his position.

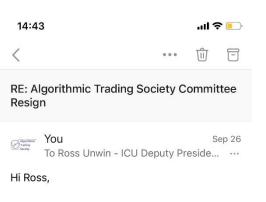

Union resolves:

1. To remove Pok Kwan from his position through a vote of no confidence.

Appendix:

Our committee member Pok Kwan, Head of Technology: Front-End, would resign and vacant the position for the incoming election, as he never comes to the meetings or respond to any of our messages. This has been approved by the rest of the committee. Please let us know if there's any other procedure we need to do.

Also, on the union eactivities website it asks me for the contact details form, which I couldn't find where it is. Would you mind pointing me to the correct direction? Thanks a lot.

Best,

...

Selena President of Algorithmic Trading Society

Hi Selena,

I just need Pok Kwan to confirm that they are happy to resign, and then can remove them from their role on eActvities. If Pok Kwan does not step down, then you will need to have Vote of No Confidence which will need to go through Union Council.

For the contact details form, this should be rectified for you.

Best wishes, Ross

Alex Auyang - Union Council Chair Tue 19/01/2021 00:43 To: Kwan, Adrian

Dear Pok,

It has been brought to my attention that you hold the role of Technology: Front-End in the Algorithmic Trading Society, but have not been in contact with the committee or fulfilled the duties of your role. I understand if you are unable to perform the role for any reason, but the society is unable to have anyone else in the position until you resign or are removed from the role.

If you no longer wish to hold this position, **please email me back**, and I can arrange for you to resign. Otherwise, we will bring a vote of no confidence to Union Council, and remove you from the role. When this vote occurs, you will be invited to provide your perspective if you'd like.

If this is untrue or you don't understand any aspect of this, please let me know. I am only emailing you based on the information I have been given by the Algorithmic Trading Society.

Best wishes, Alex Auyang Council Chair 2020/21
